The Affordable Direct Cremation plan

Here at The Affordable Funeral Company we understand that not everyone wants an extravagant or elaborate funeral. It is some people's view that it makes little sense to spend more than the minimum on their final farewell. In response to this, we offer an extremely pared down plan that covers the most basic funeral elements.

All items included in the Direct Cremation plan are fully guaranteed, meaning there will never be anything extra to pay towards them.

The Direct Cremation plan covers:

24 hour collection of the deceased (within 25 miles*), and transfer to funeral home/chapel of rest

A simple coffin with nameplate

Transport of the deceased to the crematorium in a hearse

Service conducted at Crematorium before 9am

Availability for family & mourners to attend service

Return of ashes to a designated individual, anywhere in the UK

Also included within the price of the Direct Cremation plan, are the cremation fee and the doctor's fee.

Plans paid for over 3, 5, or 10 years are subject to a flat 4% Instalment Handling Charge, calculated annually. The above instalment figures are calculated on the basis you pay a £250 deposit. To work out what effect paying a larger deposit will have on reducing your monthly instalments, either visit www.theaffordablefuneralcompany.com and click on the 'calculator' icon on the home page, or call us on 0161 343 7230.

* Mileage over 25 miles will be charged at the funeral director's prevailing rate at the time of the plan holder's death.
